

# Jewell Station Precinct Development

## Access through station precinct

### From October 2019

The upgraded southern end of the Upfield shared user path is open.

Pedestrians can use the path to access the station entrance on Wilson Avenue from the south.

#### Diversion for cyclists

The Upfield shared user path is diverting via the western side of the Jewell Station precinct through Watson Street.

The diversion will be in place until further notice.

Cyclists should take extra care when crossing the railway line.

As works continue, everyone passing through the precinct should take extra care and follow all signs in place.

Train timetables are not affected during the works.

Thank you for your patience during construction.
