

KANGAROO FLAT STATION

Station car park construction

Construction will take place August - October 2018

About the works

We are upgrading the car park at Kangaroo Flat Station with 50 car parking spaces and new accessible parking. During construction the unsealed area near the goods shed will be closed. Please consider alternative parking arrangements.

These works are part of the Victorian Government's *Road and Rail Minor Works Program*, delivered by VicTrack, to upgrade stations, bus stops and interchanges across regional Victoria.

Thank you for your patience during construction.

Key

- A) Upgraded car park area closed during construction
- B) New pedestrian crossing
