

# MARSHALL STATION

# Station car park construction

Construction will take place May - July 2018

The car park at Marshall Station will be upgraded with 50 new car parking spaces and improved accessible parking. During construction the existing informal car park near Drews Road will be closed. Temporary parking will be available.

These works are part of the Victorian Government's *Road and Rail Minor Works Program*, delivered by VicTrack, to upgrade stations, bus stops and interchanges across regional Victoria. Thank you for your patience during construction.
