

## SEYMOUR STATION

# Improving Seymour Station

Construction will begin 17 September 2018

### About the works

We are making improvements to Seymour Station including new accessible car parking, a new parkiteer, improved pedestrian access and new shelters at the coach interchange. During construction the unsealed area next to the underpass will be closed.

Please consider alternative parking arrangements.

These works are part of the Victorian Government's *Road and Rail Minor Works Program*, delivered by VicTrack, to upgrade stations, bus stops and interchanges across regional Victoria.

Thank you for your patience during construction.

### Key

- A) New footpath
- B) New parkiteer
- C) New accessible car parking - area closed during construction
- D) Existing underpass
- E) New coach shelters
- F) Train tracks
- G) Station building and platforms
